As3000 Wiring Standards

AS/NZS 3000:2018, Electrical installations, known as the Wiring Rules, are the technical rules that help electricians design, construct and verify electrical installations. Developed by the committee EL-001, the Wiring Rules consist of two separate parts. Part one outlines fundamental safety principles that shape minimum regulatory requirements for safe electrical installation, and part two details solutions to achieve safety principles for the electrical installation work.
