Climate Migration And Security Securitisation

In this excellent and well-researched book, Ingrid Boas sheds light on how small island and European states - notably the UK - have constructed climate change as a security threat, and their unsuccessful efforts to persuade major emerging developing countries - notably India - that this threat is significant.

Amazon.com: Climate Migration and Security: Securitisation ...

Climate Migration and Security is the first book of its kind to examine the strategic usage of security arguments on climate migration as a political tool in climate change politics. Original theoretical, empirical, and policy-related insights will provide students, scholars, and policy makers with the necessary tools to review the effectiveness of these framing strategies for the purpose of climate change diplomacy and delve into the wider implications of these framing strategies for the ...

Climate Migration and Security: Securitisation as a ...

This sort of 'securitization' of climate-induced migration obviously excludes those cases of transboundary displacement caused by other forms of environmental degradation. 7 This narrowness, however, is one strength of the book. It allows Boas to focus on and give due attention to her core research questions:

Climate Migration and Security - Taylor & Francis

By strengthening the climate security coalition, more pressure was put on those states still needing to make ambitious mitigation commitments during the UNFCCC negotiations on the post-Kyoto Framework. The primary countries the FCO targeted at that time were the US and the emerging developing countries (FCO, 2007: 71). But these emerging countries were precisely those overtly rejecting the security narrative on climate change, criticizing the move to discuss climate change in the Security ...

Securitization of climate change: How invoking global ...

The current predictions of youth bubble and ensuing high-level poverty in sub-Saharan Africa, comprised with scenarios of climate changes driving mass cross-continental population movements show that mass migration can re-emerge as a future challenge to territorial, economic and societal security of better-off countries in their immediate or near-immediate neighborhood.

Migration and Security | Strategic Monitor 2018-2019

The topic of climate change and migration attracts a strong following from the media and produces an increase in academic literature and reports from international governmental institutions and NGOs. It poses questions that point to the core of social and environmental developments of the 21st century, such as environmental and climate justice as well as North-South relations. This article ...

of those securitization efforts needs to be further assessed, the security implications of climate change have come to be recognized at both levels.

Securitization and Chinese Climate Change Policy ...

This paper looks at recent studies that have addressed climate change as a security issue. Posing climate change as a problem for security has provided it with a major boost in attention. However, it raises the potential of 'securitization', i.e. that the issue is primarily addressed via traditional means of security policy.
