Dark Tourism And Place Identity

Dark Tourism, including visitation to places such as murder sites, battlefields and cemeteries is a growing phenomenon, as well as an emergent area of scholarly interest. Despite this interest, the intersecting domains of dark tourism and place identity have been largely overlooked in the academic literature and this book aims to fill this void.

The contribution of dark tourism to place identity in Northern Ireland According to Henderson (2007), tangible and intangible heritage reflects peoples' identities and representations of this can, in turn, influence how people see them- selves and their country.

The contribution of dark tourism to place identity in ...

The notion of 'place identity' is not illuminated as much as the book's title can make one expect, but from a point of view of dark tourism as such, that's no great drawback. For the non-academic reader, parts of the book may be a bit of a challenge to read, but others, in fact the majority of contributions, are much more lucid than other academic books on dark tourism that I've read.
