### Elliot Wave Techniques Simplified: How to Use the ...

The Elliott Wave Theory is a stock market investment strategy that determines if a potential investment is in a sustainable (and therefore tradable) trend. The theory is based on the fact that when you get a bunch of people together (the stock market is, after all, just a bunch of people), they take on a mob or herd mentality. A herd mentality is when people in a group tend to act similarly to one another.
