We live in a world beset by problems which in numerous ways and to varying degrees undermine the well-being of our societies. These social problems constitute a wide range of topics that feature prominently and unceasingly in the news and in political debates.

Introduction to Social Problems

Just as history defines social problems, so do values. Values are a part of society's nonmaterial culture that represent standards by which we determine what is good, bad, right, or wrong. As we've mentioned before, one of the country's largest current social problems is unemployment. But why do you suppose this is?
