Intelligence Reframed: Multiple Intelligences for the 21st ...

More recently, in Intelligence Reframed, Gardner has defined an intelligence as "a biopsychological potential to process information that can be activated in a cultural setting to solve problems or create products that are of value in a culture." His intent was to suggest, "intelligences are not things that can be seen or counted...they are potentials - presumably neural ones - that will or will not be activated."

Intelligence Reframed: Multiple Intelligences for the 21st ...

In his 1983 book, Frames of Mind, Gardner laid out the foundation for the theory of multiple intelligences (MI). In Intelligence Reframed, a revisitaton and elaboration of MI theory, he details the modern history of intelligence and the development of MI, responds to the myths about multiple intelligences, and handles FAQs about the theory and its application. He also restates his ideal educational plan, which would emphasize deep understanding of iconic subjects following from a variety of ...

Howard Gardner, multiple intelligences and education ...

Theory of Multiple Intelligences. This theory suggests that traditional psychometric views of intelligence are too limited. Gardner first outlined his theory in his 1983 book Frames of Mind: The Theory of Multiple Intelligences, where he suggested that all people have different kinds of "intelligences." Gardner proposed that there are eight intelligences, and has suggested the possible addition of a ninth known as "existentialist intelligence."

Howard Gardner | Books

Multiple Intelligences. The theory of multiple intelligences (MI) was developed by Howard Gardner, a professor of cognition and education at Harvard University. Introduced in his 1983 book, Frames of Mind, and refined in subsequent writings, the theory contends that human intelligence is not a single complex entity or a unified set of processes (the dominant view in the field of psychology).

Intelligence - Multiple Intelligences - Theory, Gardner ...

INTELLIGENCE REFRAMED. Multiple Intelligences for the 21st Century. By Howard Gardner. Basic Books, 1999. Intelligence Reframed presents itself as a progress report on how the theory of multiple intelligences has changed and evolved since it was first set forth in Howard Gardner's 1983 book Frames of Mind. The theory posits that intelligence is not a single property of the human mind, as is commonly believed, but rather that each human being is endowed with a set of several intelligences ...
