Note TakingGuidefor& Mathematics

One style of notetaking that I didn't see mentioned was visual notetaking, also known as sketchnoting, which involves using doodles to capture the important points of a lecture or text. I used it a couple times to clean up my notes from a Khan Academy math course, and while I wasn't particularly fast at it, it certainly made my notes far ...

The Ultimate Guide to Note-Taking | Kate(mats)

Note-Taking is a skill you need to perfect. There are several good styles of note-taking, and you should choose the one that best suits you. I like Cornell Notes, but other styles can be very effective. For a brief example of note-taking systems, you may want to visit University of Redland's article:

Notetaking Guide - Springfield High School

How Do You Use It? Write down important information the teacher has emphasized. This can be in sentence form or point form. Start a new sentence or point for each new detail. Use headings to organize points by main topics.

How To Take Study Notes: 5 Effective Note Taking Methods

Welcome to my math notes site. Contained in this site are the notes (free and downloadable) that I use to teach Algebra, Calculus (I, II and III) as well as Differential Equations at Lamar University. The notes contain the usual topics that are taught in those courses as well as a few extra topics that I decided to include just because I wanted to.
