Smarter electricity pricing needed to capture full benefit of electric vehicles. 8 March 2018. A report released today gives further weight to the view that New Zealand will need to develop smarter electricity pricing options for consumers charging electric vehicles (EVs) as mass-uptake of the technology occurs.

Smarter electricity pricing needed to capture full benefit ...

Passing on the higher cost of funding to customers no longer works in many markets. Profit margins on mortgages, credit cards and other bank products have been declining, which heightens the importance of tighter policies and processes around pricing. Smarter pricing helps to optimize yields, manage the cost of funding, gain market share, do right by the customer and manage risks.
